HAVE NEW TEACHER.

ONE OF HISTORY AND ENGLISH LITERATURE IN THE COLLEGE.

DR CHANDLER CHOSEN INSTRUCTOR.

Fellowships Will Also Be Established as Ald to Master of Arts Degree. Complete List of Boys Receiving Distinctions and Diplomas.

To-day closes a session at Richmond College remarkable and gratifying in many things.

The session throughout has been mark u by the good health of students and members of the faculty. There have been in these days of final accounts some, as always must be, but exceedingly few disappointments, showing, as this does, that the work of the students has been satisfactory and successful. The meetings of the trustees of the college have been harmonious and the spirit of progress and enterprise has pervaded their deliberations. Fellowships were added by them to the privilege of scholarships, which the students of the college already enjoy. A new school, that of History and English Literature, has been added to the present academic eight, and a new member, Dr J. A. C. Chandler, has been added to the

EXERCISES FOR TO-DAY.

At noon to-day the distinctions in the indergraduate classes will be distributed to the deserving students by President Boatwright. To-night is the commence-ment proper—the true climax and finale of it all. The exercises, as usual, are open to the public without card, and will open to the public without card, and will be held in the college hall at 8:15 o'clock. Thay will embrace the delivery of college medals, diplomas of graduation in the various schools of the college, and the conferring of degrees upon the thirty students winning them, the charge to the class by President Boatwright, and, finally, the annual address by President William R. Harper, Lil. D., D. D., of Chicago, University. Chicago University.

There were no exercises at the college yesterday, the faculty and students joining the alumni in their banquet at the Jefferson Hotel last night.

Trustees Finish Their Work.

The trustees convened in their second day's session at 10 o'clock yesterday morning, and while there was much busi ness to be done, it was all accomp and the body adjourned finally at 4 P. M. Early in the session the body was call-ed upon to act on the resignation of one of their number—Judge Joseph Christian, of Richmond. Judge Christian stated in his letter that continued bad health forced him to the step, and the resigna-tion was accepted.

The Committee on Scholarships reported

that thirty-two young men had been aided during the past session, all of whom had proven themselves worthy st. This committee meets early in July fill the vacancies that occur by students graduating or leaving college for other causes.

The report of the Committee on Librar.

owed that 243 books had been added to the college library during the session, making for the whole collection 12,833

FELLOWSHIPS ESTABLISHED. The trustees authorized the establishnent of fellowships in the college to as-sist worthy students who have already taken a degree of the college, but who desire to pursue a more extensive course desire to pursue a more extensive course to a higher degree. Those eligible to re-cive fellowships are to be Bachelors of Arts and Bachelors of Science, who wish to take the Master of Arts degree. It takes at least \$1.500 for each fellowship, and the interest on this amount is to be paid to the recipient. The college already has a number of scholarships which pay the tuition or board of undergraduates, but these aids are not to be used for graduates, Dr. W. R. L. Smith was elected a member of the board to succeed Dr.
W. W. Landrum, who is now in Atlanta,
and Mr. George B. West, of Newport
News, to succeed the late Judge B. T.

SCHOOL OF HISTORY.

The School of History and English Literature was authorized, and Dr. J. A. C. Chandler, last two years of the We man's College, was made professor for one year. Dr. Chandler is a Ph. D. of the Johns Hopkins University. His work at Dr. Nelson's school has been endnent-

Dr. Ryland, the secretary, spoke of the Presbyterian Seminary, already come to Richmond and offered the following resoions, which were unanimously adopt-

Whereas, the Union Theological Seminary of Virginia has been removed to the city of Richmond, and has become the near neighbor of Richmond College; and whereas, so important an addition to the literary, moral, and religious life of the city and the State, is of public interest, and nearly allied to the work of this

Resolved, That the trustees of Richmond College, in annual meeting assem-bled, extend a cordial welcome to this distinguished institution, tendering ternal greetings and the cordial offer of any assistance the college may be able to render the seminary management at the time of removal, or during the years of the work in the Providence may lie before it in its present delight-ful location.

Dinner was served at 2 o'clock. guests of the body were Dr. R. J. Willingham, Professor Thurston, and Rev. George F. Bagby, of Farmville. The afternoon was confined to routine business, which was completed by 4

o'clock, and the body adjourned to meet in semi-annual session in February. Those Getting Distinctions and Diplomas.

The Dispatch prints this morning a full list of all undergraduates, who will to-day at noon receive certificates of distizction and promotion; also, a list of those who will this evening receive diplomas of graduation in the separate schools. In fact, all except the degree men and medallists, which were printed in the Dispatch yesterday morning, are

A Delightful Musicale.

A Delightful Musicale.

A very enjoyable musicale was given Tuesday night at No. 825 Broad street by a few of the pupils of Mr. and Mrs. Lestile F. Watson. Miscelianeous selections were rendered by Master Arthur Watson and Misses Eva Goodman, Gay Jones, Bertha Washer, Ruth Harrison, Mollie Reynolds, and Alma Jenkins. A sketch of Haydn was read by Miss Mamie Higgins, and a sonato blayed by Mr. Watson. Then followed a sketch of Beethoven by Miss Bertha Washer, and selections from his works by Misses Ruth Harrison and M. A. Hoeninger, Mr. Watson then explained the difference in style between classic and modern music, and illustrated it by playing a selection from Chaminade.

E. C. Blanks, of Lewisville, Tex. writes that one box of DeWitt's Witch Hazel Salve was worth \$60 to him. It cured his piles of ten years' standing. He advises others to try it. It also cures eczema, skin diseases, and obstinate NORFOLK NAVY-YARD

Appropriation for Deepsning Channel Probably Now Forthcoming.

MILES TO BE SIDE-TRACKED.

His Ambition to Be Lieutenant-General Probably Not to Be Realized,

THIRD VIRGINIA REGIMENT.

It is Thought It Will Be Ordered to Newport News for Embarkation for Cuba Within a Few Days-Other Washington Notes.

WASHINGTON, D. C., June 22 .- (Special.)-Senator Martin and Dr. Wise are making a powerful effort to obtain the appropriation asked for in the memorial presented to Congress by Colonel Lamb, in behalf of the necessary naval improvements at Norfolk. This has met with a much more favorable response than was at first expected. Senator Martin called on the Secretary of the Navy and the heads of several departments with reference to the matter yesterday, and was much encouraged. The bill for the deepening and widening of the channel from Hampton Roads to the navy yard has been referred to the naval com mittees of both Senate and House. No action, however, will be taken in the House until Senator Martin succeeds in getting the necessary legislation through the Senate. It is considered by leading naval officials a serious reflection on the government that its large battleships and cruisers that come into Hamptor Roads cannot go to the Norfolk navy-yard, which is in sight of those waters. From 1885 to the present time over three millions of dollars have been spent in perfecting the Norfolk yard for the reception and repair of the largest ships There is no machine-shop at any United States naval station superior to that which was erected, under the supervision f Naval-Constructor Bowles, at the Nor-

ONLY SMALL AMOUNT NEEDED. The sum of \$320,000 is all that is needed o get a channel 450 feet wide and 28 feet eep from Hampton Roads to the navy yard, and the leading dreging compan-along the Atlantic coast have given guarantee that if the work is awarded them, in thirty days they will have channel 150 wide and 28 feet deep at low tide, which would enable any of the ships of the navy to get to the yard. In sixty days they would have it 300 feet wide and 28 feet deep at mean low-tide, ole work done, as recommended by the Chief of Engineers of the United States army-viz., a channel 450 feet wide and

28 feet deep at low-tide.

The Secretary of the Navy has promised when the matter has been referred to him that he will recommend it, and there can be no doubt that Congress will make the comparatively insignificant appropriation proposed for a work which is of more importance in the present crisis than anything else that could be accomplished for the same amount of money. Hampton Roads and Norfolk harbor will be the headquarters of the fleets on the Atlantic coast, and those operating in Cuban waters, for years to come, and the absolute necessity of th improvement of the channel to the width and depth indicated is apparent to every-

No pains will be spared by the Virgini serators and members to secure the appropriation before adjournment of the

MR. HAY WITH MR. BAILEY. Representative James Hay wishes it understood that at the Democratic caucus the other night, he not only voted for

the Balley resolution, but also spoke for it. The press report had him in op-position, and he asks this correction. JUDGE-ADVOCATE-GENERAL Major Robert W. Hunter, of Winches ter, a gallant ex-Confederate officer, wi a chief of division in the Interio Department, under Cleveland, is an ap plicant for the office of judge-advocate reneral of the volunteer army. He is en general of the volunteer army. He is en-dorsed by the Virginian Senators and Representatives, ex-Secretary of the Navy Herbert, Senator Morgan, and others, and his chances for the appoint-

ment are considered excellent. PROVISION FOR CONTRACTS A bill has been introduced in the Hous and referred to the Committee on Mill tary Affairs, providing that one quarter of a pound of cheese, tri-weekly, be added to the soldiers' rations. This bill was brought in by a New York member, and, of course, if it should pass, would be a nice thing for the cheese establishments in that State. Another bill provides for a ration of canned corn, three times a week, for each man, which would be an excellent thing for canning factories.

It will now be in order to bring in a bill for a ration of dried apples, another for pie, and still another for ice-cream, which would be palatable and beneficial to the troops in a Cuban or other tropical climate, and furnish some fat contracts. CLEVELAND REDIVIVUS.

An old-time partisan of Grover Clev land's said to-day that Cleveland's speech yesterday against the so-called imperial policy, that is gaining strength in Re publican quarters, would bring him to the front as a presidential candidate in

joy. Every woman is not so situated that she can be an interesting invalid, or rather, an uninteresting invalid, for there never was an interesting one.

The woman who suffers from weakness

and disease of the distinctly feminine orand disease of the distinctly learning by gans is certain to become an invalid. No woman can suffer in this way and be a healthy, happy, amiable wife and a compe-tent mother. Troubles of this nature sap the strength, rack the nerves, paint lines of suffering upon the face, destroy the tem-per, make the once bright eyes dull and the once active brain sluggish, and transform a vivacious woman into a weak, sickly

The one sure, speedy, permanent cure for all disorders of the distinctly feminine nature is Dr. Pierce's Favorite Prescription. It acts directly on the delicate and important organs concerned, and makes them strong, healthy, vigorous and elastic. It cures the internal ulceration and inflammation that give rise to a debilitating drain on the system. It is the best medicine for overworked, "run-down!" women.
"About six years ago my wife became afflicted

overworked, "run-down" women,
"About six years ago my wife became afflicted
with female weakness." writes the Rev. L. J.
Coppedge, of Elino, Kaufman Co., Texas. "She
could not stand on her feet or get in any position
in which she did not suffer great pain. She
despaired of ever again being well. She took six
bottles of Dr. Pierce's Favorite Prescription and
has been well and happy for twelve months."

It is a druggist's business to give you, not
to tell you, what you want.

Twenty-one one-cent stamps cover the
mailing of a paper-covered copy of Doctor
Pierce's Common Sense Medical Adviser.
Cloth-bound, 11 stamps. Send to Dr. R. V.
Pierce, Buffalo, N. Y.

out of Cleveland's sails in this respect two weeks ago. Still, it is likely that two or three of the prominent newspapers that are staunch believers in the exPresident will attempt a boom for him.

MILES TO BE SIDE-TRACKED. MILES TO BE SIDE-TRACKED.

Major-General Neison A. Miles, commanding the United States army, is still hoping to be advanced to the rank of lieutenant-general, but his ambition will hardly be realized. Even if Congress should revive the grade of lieutenant-general, which seems somewhat probable, some other officer is likely to be nominated. The indications are that the friction between Miles and Secretary Alger will result in the gradual side-tracking of the commanding officer. Major-General Brooke, one of the three major-generals of the regular army, now commanding Brooke, one of the three major-generals of the regular army, now commanding at Chickamauga, is to be transferred from his present command to Secretary Alger's office, where he will be practically the head general of the army. He is to be the Secretary's chief army adviser. This is significant, and it is not unlikely that in case the grade of lieutenant-gene ral is revived he will be the man to re-

while Brooke is the junior major-gene ral, he is the oldest in years. His record in the civil war was very fine. I learn from high authority that the War Department came very near shelving Gene-ral Miles altogether, but the President thought it best to retain him in the position of senior major-general for the

present. TOO MUCH D. C. There is much comment on the undue proportion of army officers nominated the President from the District of lumbia. The District has been favor-Columbia. ed beyond any State. Of the sixty-five or seventy paymasters commissioned, the District is charged with over twelve. And, in the other army appointments a portion is noticeable

INSPECTION OF PROJECTILES. Lieutenant-Colonel William A. Marye, Fort Monroe, is ordered to visit the Tredegar Company, Richmond, on July 8th, and the Petersburg Iron-Works, July 15th and August 15th, for the purpose of inspecting projectiles being manufactured for the Ordnance Department.

Private Ernest F. Vass, Company M. Fourth Virginia Regiment, now at Jacksonville, Fla., is discharged. Also, Private R. G. Rector, Company H, Second North Carolina, now at Raleigh. MATRIMONIAL.

Harry E. Tabb, of Portsmouth, and Miss Grace E. Rolland, of Norfolk, were married lare to-day, by the Rev. Dr. Elliot, of the Episcopal Church of the Ascension. Both the bride and the groom are quite young. They were refused a license at Old Point, and eloped to this

CAPTAINS OF IMMUNES The President has nominated the following to be captains of the Fourth Im-mune Regiment: Albert A. Fransheim,

West Virginia; Adam C. Carson, Virginia; N. P. Lewis, Maryland. Senator Pritchard, of North Carolina, has received many requests for his speech on prosperity. It will be printed and distributed by the Republican Committee. THIRD MAY MOVE SATURDAY.

An officer of the Third Virginia Regiment, now quartered at Camp Alger, who was in the city to-day, and had called at the War Department, said he had been informed that the informed that the regiment would leave for Cuba, via Newport News, on Satur-day next. He said that no orders to that effect had yet been issued, but he was assured they would be in the next day or two. Commenting on the matter, he said the regiment was not properly equipped and armed. Not more than 400 men had rifles, and the majority of the men were not efficiently drilled, even in the manual of arms, not to speak of field exercises. It is not thought, however, that the Third will go, under the circumstances, until the regiment is supplied with arms and accountements, and the men are properly disciplined.

KEIFER AND DOUGLAS WITH LEE. Major-General Warren Keifer, of Ohio, Brigadier-General Henry glas, of Maryland, have been assigned to General Fitzhugh Lee's Corps, and ordered to report to him at Jacksonville.
NORFOLK FEDERAL BUILDING. Secretary Gage to-day approved the de-sign and specifications for the Norfolk public building, and work will be com-

nenced in August next. DEMAND FOR VIRGINIA COAL Owing to the great strike in the Well mines, and the consequent shortage of coal for steamers in England, there is a creat demand for smokeless and faststeam-making American coal, r Pennsylvania and Virginia coal. English Government is also taking up all the home coal to be obtained, for its foreign naval stations, which further in creases the demand for the American product. The great steamship passenger lines of England are threatened with a coal famine, and they have made con-tracts with Pennsylvania and Virginia coal-miners for a supply, and here, owing to the war with Spain, it has been difficult to arrange for the delivery of the product at the stations at which it s needed, To-day, however, the Secretary of the Treasury issued an order to the collectors at Philadelphia and Norfolk to allow vessels laden with coal for a certain English line of steamers to clear or Capetown, Africa, and points Mexico and South America, provided they are satisfied the coal will not fall nto the hands of the Spaniards, This is considered a great opportunity for Vir-ginia coal. If the trade is once established it can be held, and it will be a source

of great revenue to home produ-REPUBLICAN PROCEEDINGS. General James D. Brady has been busy at the Internal-Revenue Department all the morning. In the afternoon he was joined by National-Committeeman George E. Bowden on the electric-cars. They will leave to-morrow morning for Richmond, to attend the called meeting of the publican State Committee, which will take into consideration the unification f the dual organization of the Agnew and Wickham committees, or, more pro-perly, the regulars and the Lamb fac-tion, of which Colonel Pat. McCauli was the leader in the late gubernatorial campaign.

PERSONAL. Mr. and Mrs. William A. Little, who were married in this city recently, will spend the summer at Capon Springs.

J. F. McLaughlin and wife, Lynchburg

Meinhardt, Lynchburg. Va.; N. H. Massie, Danville; J. E. Hatch-W. A. McCorkle, Charlottesville, Va.; J. I. Bain, Norfolk; E. A. Palmer, Richmond, The Raleigh. J. C. Tait and wife, Norfolk, Va., St. James.

POSTAL. A new post-office has been established

Merchants, Gates county, N. C., with John O. Hare as postmaster. John O. Hare as postmaster.

10.00 in order extending the franking privilege was issued to-day:

"Post-Office Department,

"Washington, D. C., June 18, 1898. Order No. 243:

"The following provision in the act of Congress approved on the 13th instant is published for the information and guidance of postmasters:
"That hereafter the Vice-President,
members and members-elect of and delegates and delegates-elect to Congress shall have the privilege of sending free through the mails, and under their frank, any mail matter to any government official, or to

any personal correspondence not exceed-ing two ounces in weight, upon official or departmental business." "The effect of this law is to give to the Vice-President, to senators, to members of the House of Representatives, and to delegates to Congress, the right to mail free, under their frank, any mail matter whatever to government officials, and any correspondence, not exceeding two ounces, to private persons, such matter and cor-

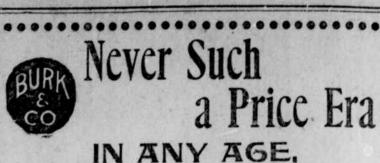

respondence to be upon official or depart-mental business.
"The rules relative to franking this kind of matter, given on page 973 of the last Annual Postal Guide, will govern, except as to the increase of weight of letters to private persons from one ounce to two ounces.

CH. EMOMY SMITH,

"Postmaster-General,"

Fourth-class postmasters have been appointed as follows:

Virginia—Clinch, Scott gounty, Nannie mark.

Thousands of buyers crowded our store throughout • the week. Beyond question the greatest retail selling • ever known in the history of the store. North Carolina-Bee Log, Yancey coun-

It is to Leave San Fransisco Monday Next. WASHINGTON, D. C., June 22 .- Quartermaster-General Ludington, of the War Department, received a telegram to-day from Quartermaster Long, at San Francisco, saying that the third military expedition for the Philippines will leave San Francisco Monday next on six transports-namely, the Ohio, Indiana, City of Para, Morgan City, Valencia, and Newport. He added that General Merritt, commanding the new Department of the Pacific, and the prospective Governor-General of the Philippines, will probably ecompany the expedition on the

Major-General Otis, the next in com-mand, will accompany the fourth expedition to the Philippines. Quartermaster Long says, also, that the City of Pueblo will probably be turned over to the government to-morrow morning, but will hardly be ready to sail with the other vessels on Monday. Her departure will not be delayed more than day or two, and it is probable will overtake the expedition at Honolulu, and accompany it to Manila.

COULLING ASS'T QUARTERMASTER. A C. Carson, of Virginia, to Be Cap-

tain-Other Nominations. WASHINGTON, June 22.-The Presi dent to-day sent these nominations to the Senate:

To be assistant quartermaster, with th rank of captain-William M. Coulling, of Virginia (nomination of William L. Cowling, of Virginia, for above office, withdrawn).

Third Regiment-Walter K. Wheatley, Georgia, to be captain; Campbell King, Georgia, to be second lieutenant. Fourth Regiment-To be captain

Adam C. Carson, Virginia. Tenth Regiment-James S. Smith, Georgia, to be first lieutenant; Joseph S. McClure, South Carolina, to be second lieutenant; George N. Stoney, Georgia, to be assistant surgeon, with the rank of first lieutenant.

Spain's Queen to Stick to Her Post. MADRID, June 22.—The press of this city protest to-day that there is no foundation for the reports coming from foreign sources that it is the intention of the Queen Regent to abdicate.

It is semi-officially declared that her
Majesty is determined to unflinchingly
carry out the duties of her position,

BOAT-RACES POSTPONED.

They Will Take Place at Half Pass Twelve o'Clock To-Day.

NEW LONDON, CONN., June 22 .- A more unsatisfactory day in the annals of boat-racing on the Thames has never been recorded than that which the three university crews and the thousands of would-be spectators experienced to-day. Three times the referee attempted to start the race, and each time the weather conditions prevented, until at last, just before sunset, after rain had fallen in torrents all day, Mr. Meikleham was obliged to put it over until to-morrow at half-past 12 o'clock.

(ap 28-Th, Sa&Tu) OUR DEAD NOT MUTILATED.

This Proved, It is Thought, by

Official Report. WASHINGTON, June 22.-A letter has been received here by Surgeon-General Van Reypen, of the hospital-ship Solace. which the officials think disproves the report that the Spanlards mutilated the bodies of the marines who had been killed in the battle of Guantanamo bay.

The surgeon who wrote the letter had an opportunity to examine the dead as well as the wounded, and he writes to Dr. Van Reypen as fololws: "The wound of exit is an entirely different wound from that made by the Lee

led some to suppose that the first dead had been mutilated. This is now believed to be an error," Chamberlain to Quit Cabinet. LONDON, June 22 .- It is rumored that Mr. Joseph Chamberlain, Secretary of State for the Colonies, will shortly resign from the ministry, in order to assume the leadership of a large number of Unionists in the House of Commons, who
